

UK Sampling Gauges Ltd

Designers and manufacturers of
environmentally safe precision sampling equipment
for liquids

Compliance with International Standards

Our sampling products, including:

Any-level Samplers (ALS),
Bottom Samplers (BTMS),
Sediment Samplers (SDMNT),
Any-level Bottom Samplers (ALBTMS), and
All-level Samplers (ALSB-V, RNS)

comply fully with the requirements of:

EN ISO 3170:2004 – (Petroleum liquids – Manual sampling)
ISO 5555:2001 – (Animal & Vegetable Fats & Oils – Sampling)

Additionally, a report by SIRA on the safety of our samplers is available
on request.
